Physical Therapy

CONTENTS

Jul-Aug 2019, Volume 23, Number 4

Editorial	Showing confidence (intervals). S.J. Kamper	277
Systematic Review	Can high-intensity interval training change cardiac autonomic control? A systematic review R.M.d. Abreu, P. Rehder-Santos, R.P. Simões, and A.M. Catai	279
Masterclass	Understanding and interpreting confidence and credible intervals around effect estimates L. Hespanhol, C.S. Vallio, L.M. Costa, and B.T. Saragiotto	290
Original Research	Use of 95% confidence intervals in the reporting of between-group differences in randomized controlled trials: analysis of a representative sample of 200 physical therapy trials. A.P.C.F. Freire, M.R. Elkins, E.M.C. Ramos, and A.M. Moseley	302
	Prevalence of dyspnea after stroke: a telephone-based survey K.K.P. Menezes, L.R. Nascimento, M.T.M. Alvarenga, P.R. Avelino, and L.F. Teixeira-Salmela	311
	Role of physical therapists in the weaning and extubation procedures of pediatric and neonatal intensive care units: a survey S.L.L.d.S. Bacci, J.M. Pereira, A.C.d.S. Chagas, L.R. Carvalho, and V.M.G.d.O. Azevedo	317
	Trunk asymmetry is associated with dominance preference: results from a cross-sectional study of 1029 children C. Arienti, R. Buraschi, S. Donzelli, F. Zaina, J. Pollet, and S. Negrini	324
	Knee crepitus is not associated with the occurrence of total knee replacement in knee osteoarthritis – a longitudinal study with data from the Osteoarthritis Initiative. M.F. Pazzinatto, D. de Oliveira Silva, F.M.d. Azevedo, and E. Pappas	329
	Interprofessional education for health science students' attitudes and readiness to work interprofessionally: a prospective cohort study. Y.J. Kim, J.C. Radloff, C.K. Stokes, and C.R. Lysaght	337
	Is forward head posture relevant to cervical muscles performance and neck pain? A case-control study. L. Ghamkhar, and A.H. Kahlaee	346
Clinical Trial Protocol	Dry needling in addition to standard physical therapy treatment for sub-acromial pain syndrome: a randomized controlled trial protocol B.R. Hando, D.I. Rhon, J.A. Cleland, and S.J. Snodgrass	355
